

CANVAS FLOATER FRAME ASSEMBLY (Frame Stocks 560, 566, 567, 570)

*****Please note that these frames CANNOT be used with plexi-glass, backing, or mats.*****

Step 1: Lay the canvas face down and then place the frame face down on the back of the canvas.

Step 2: Using the supplied canvas clips and screws, attach 2 clips per side into the stretcher bar.

Step 3: Attach D ring wire holders to back of canvas about 1/4 of the way down on each side making sure they are even with each other. Loop wire through the rings as shown. Your canvas is now ready to hang.
